

ISSUE WAR RISK LETTER TO YANKS

Recruiting Station Explains Intricacies to Discharged Men.

Discharged soldiers have been greatly perplexed over the intricacies involved in their insurance. The following articles have been issued by the War Risk Insurance bureau and sent to the local recruiting station:

1. When any person who has been insured under the provisions of the War Risk Insurance act leaves the active military or naval service for reasons precluding the continuation of insurance, the monthly premium which, had he remained in the service, would have been payable on the last day of the calendar month in which he was discharged, will be payable on the first day of the calendar month following the date of his discharge, and thereafter monthly premiums shall be payable on the first day of each calendar month. The premium paid on the first day of any calendar month may, however, be paid at any time during such month, which shall constitute a grace period for the payment of such premium. If the premium is not paid before the expiration of such grace period the insurance shall lapse and terminate.

In Case of Lapse
2. In every case where reinstatement, in whole or part, of lapsed or cancelled insurance is desired, the insured shall file with the board of war risk insurance a signed application therefor, and make tender of premium for one month (the grace period) on the amount of insurance to be reinstated, and also of the amount of at least one month's premium on the reinstated insurance. In case where the insured desires to convert his lapsed term insurance he shall make tender of the premium for one month (the grace period) on the amount of term insurance to be reinstated and converted, and also of the first premium on the converted insurance.

3. Insurance lapsed or cancelled may be reinstated within 18 months after the month of discharge, provided the insured is in as good health as at date of discharge or at the expiration of the grace period, whichever is the later date, and so state in his application, and may be reinstated after 18 months succeeding the month of discharge, provided such insurance has not been lapsed for more than one year, under the following conditions:

Grace Period
A. Within three calendar months succeeding the grace period if the insured is in as good health as at the expiration of the grace period and so states in his application.

B. Within 11 calendar months succeeding the grace period, if the insured is in as good health as at the expiration of the grace period and so states in his application, and includes therewith a formal report of examination made by a reputable physician substantiating said statement to the satisfaction of the bureau of War Risk Insurance.

4. Treasury decision 45 W. R. and all other regulations heretofore made which conflict with the foregoing, are hereby revoked.

L. O. O. M. INITIATES CLASS OF THIRTY-TWO

Thirty-two candidates were initiated into the Loyal Order of Moose Thursday night at their temple, 230 S. Michigan st., the degree work being conferred by the Mishawaka team. This team has the reputation of being one of the best in the country according to E. H. Metz, who presided at the meeting Thursday night.

Over 200 members were present to witness the ceremony, it being the most largely attended meeting of the order ever held in South Bend. High enthusiasm prevailed throughout the evening.

Another meeting will be held next Thursday night, but no more candidates will be initiated until the second Thursday in October, at which time Roy Brandon, supreme secretary of the Moose order will address the candidates and members.
